

Student Achievement Repository - Student Guide

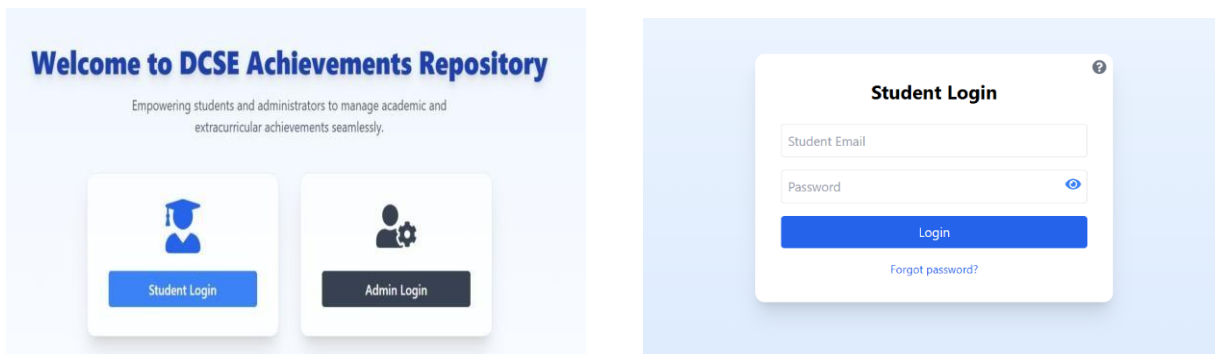

Objective

This document is designed to help students navigate the Department of CSE's Student Achievement Repository. Whether you're submitting achievements or tracking records, this guide explains the purpose and functionality of each section in a clear and concise manner.

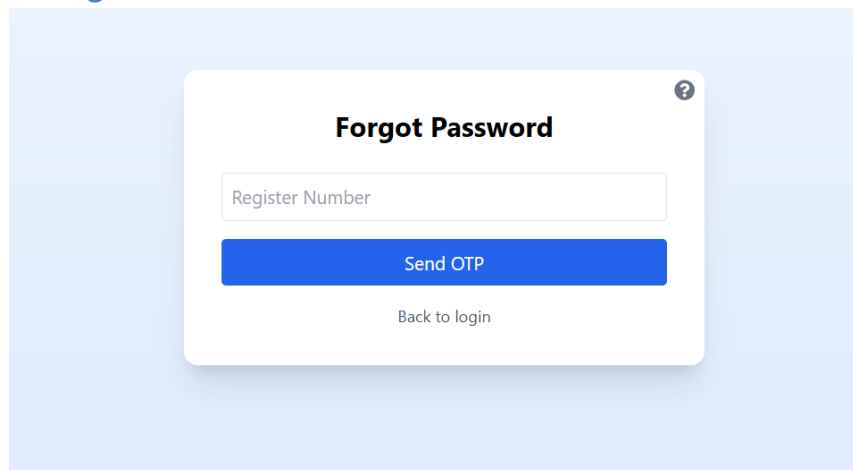

1. Home Page

The landing page appears before login. It contains quick links to:

- Login: Select your role (Student) and sign in using your registered credentials.
- Register: Students are registered by admins.
- Upon successful login, students are redirected to your respective dashboards.

2. Forgot Password

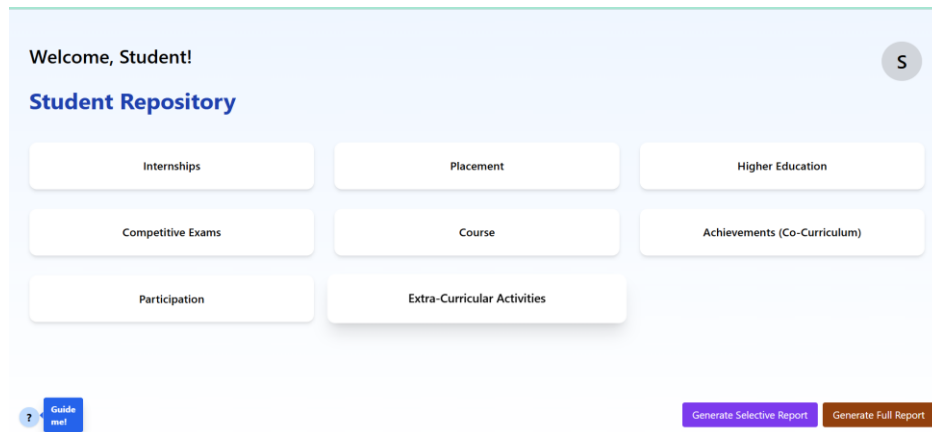

The steps include:

- Enter your register number.
- A reset link will be sent to your email.
- Create a new password using the link, then log in with the updated credentials.

3. Student Dashboard

Once logged in as a student, the dashboard provides access to:

- View Profile: Displays your name, email, grade, and roll number.
 - Submit Achievement: Fill out a form to enter details of placements, internships, or academic achievements.
 - Track Submissions: View your past entries, and make edits and delete entries.
- Report generation: Download the summary of your repository as a pdf.

4. Achievement Submission

Accessible via the 'Add Achievement' section. You can:

- Enter the achievement title, type, description, and other required details.
- Upload supporting documents such as offer letters or certificates.

5. Report Generation

The Student Achievement Repository allows you to download reports of your submitted achievements in PDF format. There are two types of reports you can generate:

Full Report

- Generates a comprehensive PDF containing all your submitted achievements.
- Can be accessed directly from the "**Generate Full Report**" option in your dashboard.

Selective Report

- Allows you to generate a report based on specific filters such as **Category** (e.g., Internship, Placement, Course)
- Ideal when you need a focused summary for a particular purpose (e.g., resume section, academic review).
- Use the **filter options** before generating the PDF to customize your output.

The screenshot displays the report generation interface. At the top, there are three filter categories: "Course", "Achievements (Co-Curriculum)", and "Extra-Curricular Activities". Below these, there are two buttons: "Generate Selective Report" (purple) and "Generate Full Report" (brown). The main section is titled "Select Items for Report" and lists several categories with their respective items:

- Internships**: ☐ sde intern
Company: Google
23/05/2023 - 21/08/2023
- Placement**: No items available.
- Higher Education**: No items available.
- Competitive Exams**: No items available.
- Course**: No items available.
- Achievements (Co-Curriculum)**: No items available.
- Participation**: No items available.
- Extra-Curricular Activities**: No items available.

A vertical scrollbar is visible on the right side of the "Select Items for Report" section.

6. Profile & Account setting

A screenshot of a 'Change Password' form. The form has a title 'Change Password' and three input fields: 'Current Password', 'New Password', and 'Confirm New Password'. At the bottom right of the form, there are two buttons: 'Close' and 'Change Password'.

Change Password:

- Select the "**Change Password**" option.
- Enter your **current password**, then your **new password**, and confirm it.
- Click **Change Password**.

Logout:

Use the 'Logout' button on the top right corner of your dashboard to end the session securely.

7. Quick Tips

- Review all documents before uploading.
- Contact the department coordinator for technical support or suggestions.
