

Student Achievement Repository - User Guide

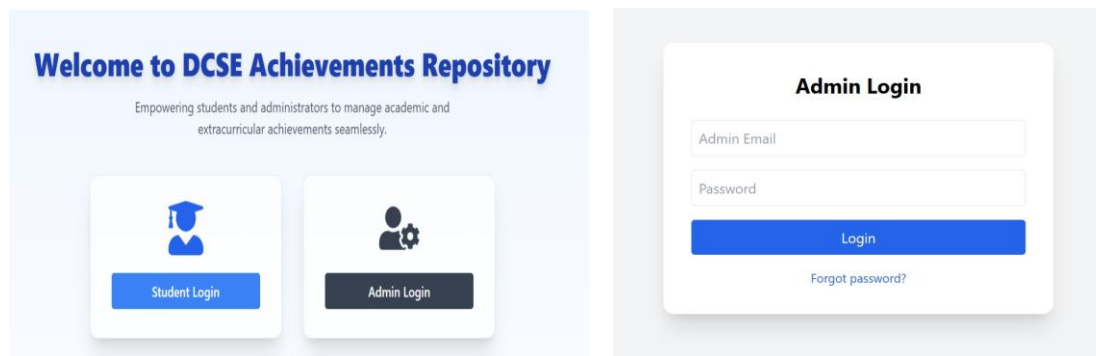

Objective

This document is designed to help students and administrators navigate the Department of CSE's Student Achievement Repository. Whether you're submitting achievements or managing records, this guide explains the purpose and functionality of each section in a clear and concise manner.

1. Home Page

The landing page appears before login. It contains quick links to:

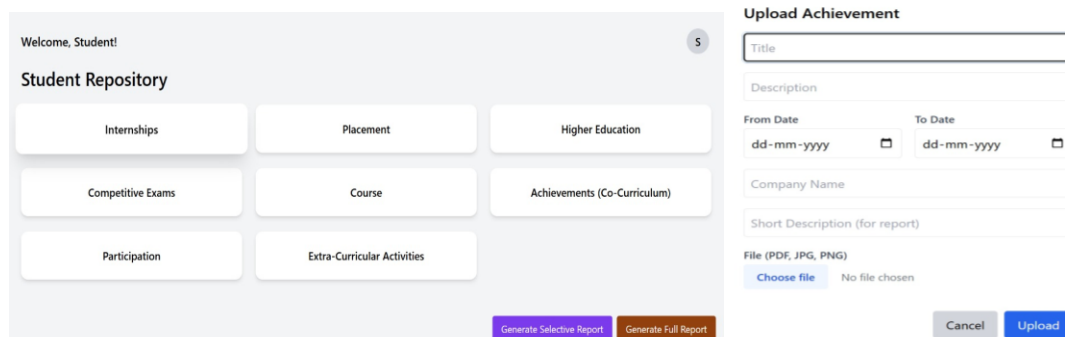

- Login: Select your role (Student or Admin) and sign in using your registered credentials.
 - Register: Students are registered by admins. Admin accounts are created by superadmins.
- Upon successful login, users are redirected to their respective dashboards based on their role.

2. Student Dashboard

Once logged in as a student, the dashboard provides access to:

- View Profile: Displays your name, email, grade, and roll number.
- Submit Achievement: Fill out a form to enter details of placements, internships, or academic achievements.
- Track Submissions: View your past entries, and make edits and delete entries.
- Report generation: Download the summary of your repository as a pdf.

3. Achievement Submission

Accessible via the 'Add Achievement' section. You can:

- Enter the achievement title, type, description, and other required details.
- Upload supporting documents such as offer letters or certificates.

4. Admin Dashboard

Upon logging in, admins have access to:

- Student Records: View all registered students and their submitted achievements.
- Filters and Search: Filter records by batch, year, or category.
- Export Data: Download data in Excel or PDF format.
- Upload Excel: Add multiple student records using a predefined Excel template.
- View Submissions: Review individual student records.

5. Forgot Password

Available to both students and admins. The steps include:

- Enter your registered email address.
- A reset link will be sent to your email.
- Create a new password using the link, then log in with the updated credentials.

6. Uploading Excel (Admin Only)

Admins can use Excel upload functionality to bulk insert student achievement records:

- Ensure the Excel file matches the format provided in the downloadable template.
- Upon successful upload, the records will be visible in the dashboard for further actions.

The image displays four screenshots of a web application interface, arranged in a 2x2 grid. Each screenshot shows a different administrative function.

- Top Left:** The 'Admin' tab is selected. The form is titled 'Register Admin' and contains three input fields: 'Name', 'Email', and 'Employee Number'. A purple 'Register Admin' button is at the bottom.
- Top Right:** The 'Single Student' tab is selected. The form is titled 'Register Student' and contains five input fields: 'Name', 'Email', 'Start of Study' (with a calendar icon), 'End of Study' (with a calendar icon), and 'Batch (e.g. N, P, Q)'. A blue 'Register Student' button is at the bottom.
- Bottom Left:** The 'Bulk Student Upload' tab is selected. The form is titled 'Upload Students Excel File' and contains a file selection area with a 'Choose file' button and the text 'No file chosen'. A green 'Upload File' button is at the bottom.
- Bottom Right:** This area is blank, showing only the light gray background of the application interface.

7. Logging Out

Use the 'Logout' button on the top right corner of your dashboard to end the session securely.

8. Quick Tips

- Review all documents before uploading.
- Utilize filters and search to efficiently navigate large datasets.
- Contact the department coordinator for technical support or suggestions.
